

DAS Academy Learning Series

For Educators and Parents

Seven of DAS Academy courses are now SkillsFuture Credit-eligible

SkillsFuture Singapore (SSG) provides 70% funding for Singaporeans and Permanent Citizens for each approved course and the remaining 30% is SkillsFuture Credit-eligible.

In collaboration with the Social Service Institute (SSI), these seven courses, as part of a Training Network Model initiative, help educators and parents maximise the potential of every child in an inclusive classroom and society.

Participants will be able to:

- Identify obstacles to children's learning
- Spot learning differences in children
- Enhance teaching methods to support all children in the classroom
- Eradicate accidental barriers to children's learning
- Apply specialised frameworks to help children with additional needs

SkillsFuture Credit-eligible Certificate Courses

Basics of Literacy Support for Children with SEN

Before funding: \$2,106 | After funding: \$631.80*

Reading is not a process that can be rushed. "Go as fast as you can, but as slow as you must". Support struggling readers using a structured, explicit and multisensory literacy approach that is responsive to the child's needs.

Executive Function Skills for Children with SEN

Before funding: \$1,404 | After funding: \$421.20*

Executive Function skills help us stay focused, organised, remember instructions, keep calm and think flexibly, so that we can complete basic daily tasks. Learn to "organise" disorganised SEN learners in this course.

Educational Psychology for Special Education

Before funding: \$1,404 | After funding: \$421.20*

Understand how students with SEN learn to effectively design instruction that meet the needs of diverse learners. Safe and inclusive learning environments foster positive relationships and promote student well-being.

Conducting Effective Programme Evaluation for SSAs

Before funding: \$2,106 | After funding: \$631.80*

Programme evaluation is a critical process that helps organisations assess the effectiveness and impact of their programmes, improving their accountability to stakeholders.

Individualised Education Plans for children with SEN

Before funding: \$1,404 | After funding: \$421.20*

Equips you with the knowledge and skills to plan, implement and evaluate an intervention for a child with SEN, to bridge the persistent educational gaps.

Planning Literacy Lessons for Children with SEN

Before funding: \$2,106 | After funding: \$631.80*

Introduces the fundamentals of planning and delivering literacy lessons for children with SEN. Address literacy challenges through individualised intervention to improve curriculum access.

Supporting Children with Attentional and Hyperactivity Issues

Before funding: \$1,404 | After funding: \$421.20*

This course brings ADHD management, typically done by psychologists, educators, counselors, and caregivers. Participants will learn a multi-faceted approach to supporting children with ADHD.

Fees stated are inclusive of the prevailing GST of 8%.

*All Singaporeans aged 25 and above can use their SkillsFuture Credit from the government to pay for a wide range of approved skills-related courses.
